SEESAC ACTIVITY REPORT – AR32

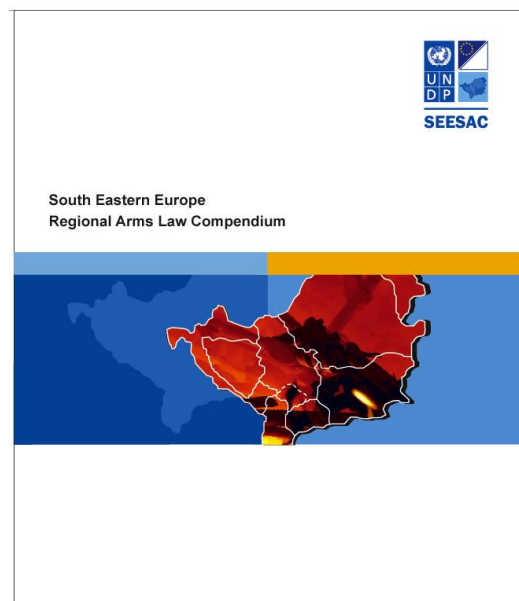

REGIONAL ARMS LAW COMPENDIUM

SEESAC FUNCTIONAL AREA	FA 2 – Legislative and Regulatory Issues
SEESAC OPERATIONAL ACTIVITY	SG 1 – Capacity Building SG 2 - Co-ordination Measures SG 3 - Information Management and Exchange Activities

In order to harmonize efforts of regional governments in advancing SALW related legislative and regulatory measures and provide all regional SALW stakeholders with an easy-reference guide for SALW legislation, SEESAC has compiled the South Eastern Europe Arms Law Compendium.

The South Eastern Europe Regional Arms Law Compendium includes over 1,000 pages of existing (and several draft) areas of legislation on SALW from:

- Albania
- Croatia
- Bosnia and Herzegovina
- Bulgaria
- FYR Macedonia
- Romania
- Moldova
- Serbia and Montenegro

It is as up to date and accurate as possible, although SEESAC recognizes that the Compendium may not have a complete overview of draft legislation that governments are currently developing. The Compendium is limited by the contributions received from governments, international organizations and nongovernmental organizations that have contributed to this publication.

The Compendium is a continually changing reference for stakeholders to monitor regional legislative changes, and the most up to date legislation will be posted on the SEESAC website (www.seesac.org).

I would also like to take this opportunity to thank all governments, UNDP offices, international and nongovernmental organizations in South Eastern Europe that have contributed to the Compendium, and to invite all stakeholders to keep updating this publication.

The South Eastern Europe Regional Arms Law Compendium will be available on-line from 07 June 2004 (in PDF format, classified by country) from the SEESAC website (www.seesac.org) or if you would like a hard copy of the compendium, please contact SEESAC Communications Officer Tijana Vukadin on: (+381) (11) 244 2902 or tijana.vukadin@undp.org.

A handwritten signature in black ink, appearing to read 'Adrian Wilkinson', is positioned above the typed name.
