

**MOLDOVA**  
**Weapons Law**

The Republic of Moldova Parliament has adopted this law. This law establishes the bases for the state control of the production, sale, acquisition, holding, application, import and export of weapons and ammunition. Note: Article 8, Paragraph (2), Item d) shall come into force on 02/04/98. In accordance with the Parliament Decision no. 1603-XIII of 17/03/98. Note: It shall come into force except Article 8, paragraph (2), Item d), on the day of publication, in accordance with the Parliament Decision no. 111-XIII of 18/05/94. [Title of the text no. 563-XV of 19/10/2001]. No.110-XIII of 18/05/94. Monitorul Oficial al R. Moldova Br. 4 of 08/09/1994

## **Republic Of Moldova - Weapons Law**

### **Section 1**

#### **General Provisions**

##### **Article 1**

#### **Individual weapons**

Individual weapons include devices (material means) which are intended (adapted) and technically usable for the destruction of people and animals, as well as for protection against attack or for imitation of the combat properties of the weapon.

##### **Article 2**

#### **Classification**

Individual weapons are classified according to design and functional characteristics, application, methods of manufacturing, and other criteria defined by the State Weapons Register.

##### **Article 3**

#### **Classification According to Design and Functional Features**

Individual weapons shall be classified into the following types based on their design and functional features:

a) Infantry (firing) weapons

- Firearms;
- Gas (pneumatic);
- Mechanical;

b) Cold weapons

- Bayonet type weapons;
- Striking and crushing weapons;
- Throwing weapons;

c) Self defence weapons

- Gas-toxic neutralising weapons;
- Aerosols;
- Weapon with gas cartridges;
- Mechanical sprayers;
- Electric shock weapons;

## **Article 4**

### **Classification according to application**

Individual weapons are classified according to their application into the following groups:

- Military weapons;
- Service weapons;
- Hunting (with rifled and smooth bore barrels) weapons;
- Sporting weapons;
- Training weapons (imitation weapons);
- Award weapons;
- Collectors' weapons;
- Self-defence weapons;

## **Article 5**

### **Classification According to Manufacturing Methods**

Individual weapons are classified into the following groups per manufacturing methods:

- Industrial;
- Craftsman made;
- Amateur-made;

## **Article 6**

### **Subject of legislation**

This law shall regulate the trade in service, hunting, sports, training, award and collection weapons and self-defence weapons.

Trade in military weapons, which is under the competence of the Ministry of Defence, Information and Security Agency of the Republic of Moldova and the Ministry of the Interior, shall be regulated by positive laws and military rulebooks.

[Article 6, Paragraph 2 was amended by law No. 854-XIV of 23/12/99]

## **Article 7**

### **Holder of the Right to Own Weapons**

The holder of the right to possess infantry (firing) and cold weapons, as well as of self-defence weapons and ammunition may be the state, physical and legal person.

## **Article 8**

### **Physical Person as the Holder of the Right to Own Weapons**

The right to privately own a weapon and ammunition may be acquired by a physical person that is 18 years of age, has no medical counter-indications regarding the use of weapons, who is not subject to the limitations referred to in Article 26, paragraph 2, and who has permanent residence on the territory of the country.

The following weapons may be privately owned:\*

- Self-defence weapons;
- Hunting weapons;

- Award and collectors' weapons;
- Revolvers and pistols

\* Hereinafter the word "weapon" shall mean the types of weapons referred to in articles 8 and 9, unless the concrete article provides otherwise.

## **Article 9**

### **Legal Person as Holder of the Right to Own Weapons**

The ownership right over hunting, sporting and training weapons, as well as self-defence weapons and ammunition therefore may be acquired by a legal person, regardless of the type of ownership, which has a security organisational unit, or a licence to carry out private detective activities and security related activities, issued by the Ministry of the Interior, or if such organisation engages in mass sports activities.

## **Article 10**

### **Ownership or Use of The Weapon Property of the State**

The Ministry of Defence, Information and Security Agency of the Republic of Moldova, Ministry of the Interior and other government bodies, designated by the Government shall be granted ownership or use of the weapons which are the property of state.

[Article 10, paragraph 1 was amended by the law No. 754-XIV of 23/12/1999]

Heads of government authorities which were granted ownership or use of the weapons, as well as the organizations owning the weapons, shall determine the list of positions/jobs to which weapons shall be given, select and train the persons who will fill such positions and provide for testing of the knowledge, manner and skills of weapon use and shall be personally responsible for organising the holding and control of the weapons.

## **Article 11**

### **Termination of the Right to own, Possess and Use Weapons**

The right to own, possess and use weapons shall terminate in the following cases:

- a) expiration of the time period determined in the permit to hold and carry a weapon;
- b) revocation of the permit to hold and carry a weapon;
- c) termination of organisation activity or employment in relation to which the permit was been issued by which the right to hold, carry and use the weapon has been granted;
- d) handing over of surplus or unusable weapons to the law enforcement authorities;
- e) death of the owner;

In the event of the owner's death, his relatives shall hand over weapon(s) and ammunition to the territorial police authority for temporary keeping, until the issue of inheritance and acquiring of the right of the weapon by the heir(s).

If within one month of opening the will on the weapon the heir does not file an application for the permit to acquire the weapon, and if he does not register the weapon to his name, does not sell it or give it to the third person with appropriate permit, then the weapon and ammunition therefore, which is temporarily kept by the police, shall be sold through the state specialised store, with the appropriate compensation for the heir, upon the deduction of selling costs.

Other cases of terminating the right to own, possess and use a weapon may be stipulated in the law.

## **Section II**

### **State Weapons Inventory and State Weapons Register**

#### **Article 12**

##### **State Weapons Inventory**

State Weapons Inventory shall represent a systematic schedule of samples of the weapons (design type, system, model, GOST, etc.), located in the territory of the Republic, which contain the basic tactical and technical information on the weapons.

The State Weapons Inventory shall serve for providing government authorities and public administration as well as physical and legal persons with data on the weapons listed in Article 3 for the purposes of ensuring control of its production, sale, purchase and use.

#### **Article 13**

##### **Structure and the Method of Inventory Keeping**

The State Weapons Inventory shall consist of two sections. Part one shall contain the data on military weapons which constitute a state or official secret. The level of confidentiality of such data shall be determined by the government. The data on the weapons which do not constitute a secret shall belong to part two.

The manner of keeping the Weapons Inventory shall be determined by the government.

## **Article 14**

### **State Weapons Register**

Information on firearms (except military) shall be entered into the State Weapons Register which shall be kept by the Ministry of the Interior.

## **Section III**

### **Organization of Weapons Control**

## **Article 15**

### **Parliament Competence**

Weapons Control legislation shall fall within the scope of competence of the Parliament.

## **Article 16**

### **Government Competence**

The government's scope of competence in weapons control shall include:

- a) Formulation of the concept of weapons production in state specialized companies;
- b) Organization of production, purchase and sale of weapons;
- c) Purchase of weapons from other countries;
- d) Sale of weapons owned by the state to other countries or to foreign legal persons;
- e) Determining the method of keeping and using the weapons owned by the state, adopting decisions with regard to granting the ownership or use of weapons to government authorities;

- f) Determining the method of maintenance of State Weapons Inventory and State Weapon Register;
- g) Defining the list of ammunition and weapon types that may be sold to physical and legal persons;
- h) Performing other functions within the scope of its competence.

## **Article 17**

### **Ministry of the Interior Competence**

The scope of competence of the Ministry of the Interior shall include:

- a) Preparing uniform regulations for weapons control, submittal to the government of the proposals for improvement of positive law regulations and normative acts regulating the method of production, acquisition, holding, carrying, and use of weapons by physical and legal persons;
- b) Ensuring the control of production, acquisition, holding, carrying, transport and use of weapons owned by physical and legal persons, as well as of the weapons whose ownership and use has been granted to legal persons;
- c) Ensuring control of the import of weapons to the territory of the Republic and the export of weapon abroad;
- d) Issuing licenses for performing private detective activities and security related activities;
- e) Issuing permits for the acquisition of weapons abroad for the purposes of selling them to physical and legal persons, and the import of weapons to the territory of the Republic;
- f) Issuing licenses for opening specialized stores for the sale of individual weapons, specialized workshops for weapons repair and production of certain types of weapons and parts thereof, as well as for sporting/hunting cartridges for smooth bore barrel firearms, for the right to acquire hunting and other weapons with rifled barrels as well as sporting, collection and training weapons.;

[Item. f) was amended by the law No. 563-XV of 19/10/2001)

- g) Registration of rifled barrel weapons privately owned by physical persons;
- h) Performing other functions within the scope of its competence or delegating part of its functions to local police authorities.

## **Article 18**

### **Responsibility of Local Police Authorities**

The competence of local police authorities in weapons control shall include:

- a) Issuing of permits for acquisition holding, carrying and transport of weapons (except weapons with rifled barrels privately owned by physical persons);
- b) Registration of weapons owned by physical and legal persons (except weapons with rifled barrels privately owned by physical persons);
- c) Recording weapons located in the territory under their competence;
- d) Issuing permits for opening shooting-ranges, shooting polygons and hunting shooting centres;
- e) Verifying compliance with regulations regarding production ,acquisition, holding, carrying, transport and use of weapons;
- d) Revoking permits granting the right to hold weapons and confiscation thereof in the cases provided for in this law.

## **Section IV**

### **Manufacturing of and Trade in Weapons**

## **Article 19**

### **Weapons Manufacturing and Repair**

Manufacturing of weapons and ammunition (except cartridges for hunting weapons) shall be the state monopoly and shall be carried out in the manner determined by the government.

Weapons and ammunition shall be manufactured in specialised state owned enterprises, ensuring advanced technology, safety, inspection and quality of production output.

Owners of hunting weapons with smooth bore barrels shall have the right to produce cartridges for the use therewith without a license, and the Hunting and Fishing Association of Moldova shall have the right to produce such cartridges for sale on the basis of the permit issued by the Ministry of the Interior in accordance with the regulations.

[Par. 3 supplemented by the Law no. 563-XV of 19/10/2001]

The Hunting and Fishing Association of Moldova shall have the right to produce and sell at their own expense and in accordance with regulations hunting and sporting cartridges for smooth bore barrel arms of different calibre on the basis of the permit issued by the Ministry of the Interior.

[Para. 4 introduced by the Law no. 563-XV of 19/10/2001]

[Numbering changed by the Law no. 563-XV of 19/10/2001]

Weapons may be repaired in workshops for repair regardless of the type of ownership, based on the license issued by the Chamber.

{New} [Para. 5) amended by the Law no. 333-XV of 24/07/2003]

The production of weapons and ammunition and repair of weapons in contravention of the established procedure shall be subject to sanctions in accordance with the law.

## **Article 20**

### **Rights and Obligations of Weapons Manufacturers**

The manufacturers of weapons shall have the following rights:

a) To manufacture weapons in the manner determined by the Government;

{New} [Item a) amended by the Law no. 333-XV of 24/07/2003]

b) To develop different types of weapons and to test produced weapons;

c) To sell the weapons and generate income through such sale;

Manufacturers of weapons are obligated to:

a) sell weapons in accordance with state standards and technical requirements, as well as to test such weapons;

b) put markings and register numbers on weapons;

c) check the weapons and ammunition therefore;

d) maintain weapons, spare parts and ammunition in preserved condition;

e) sell weapons and ammunition in the manner stipulated in positive regulations.

## **Article 21**

### **Arms Trade**

Trade including commission trade in individual firearms, special devices, service, training and sporting weapons and ammunitions shall be conducted in specialised stores on the basis of the licence issued by the Chamber.

{New}{Para. 10 amended by the Law no. 333-XV of 24/07/2003}

Trade, including commission trade in hunting and sporting firearms, spare parts and cartridges, as well as the components for the manufacture of cartridges shall be performed by the Hunting and Fishing Association of Moldova through their specialised stores, based on the license issued by he Chamber.

{New} [Para. 2 amended by the Law no. 333-XV of 24/07/2003]

[Article 21 was amended by the law No. 1307-XV of 25/07/2003]

## **Article 22**

### **Rights and Obligations of Weapons and Ammunition Traders**

[Title amended by the Law no. 563-XV of 19/10/2001]

Weapons and ammunition traders shall have the right to:

- a) conclude contracts with manufacturers on supply of weapons and ammunition;
- b) submit claims to the manufacturer for any untimely delivery of weapons and ammunition or for any delivery of faulty weapons;
- c) make profits from the mediation activity.

Weapons and ammunition traders are obligated to:

[Para. 2 amended by the law no. 563-XV of 19/10/2001]

- a) sell weapons only after submitting to the Ministry of the Interior data on the weapons to be sold so that they can be entered into the State Weapons Register;

b) sell the weapons and ammunition in full compliance with the subject law and the Ministry of the Interior normative acts;

c) comply with the requirements from the licence;

{New} {Item c) introduced by the Law no. 333-XV of 24/07/2003]

{New} [{Numbering changed by the Law no. 333-XV of 24/07/2003]

d) ensure that weapons and ammunition are kept in good condition for sale;

e) inform immediately local police authorities in the event of theft of weapons or ammunition, as well as in the event of missing weapons and ammunition.

## **Article 23**

### **Granting ownership or use of the weapons owned by the state to third parties**

The Ministry of Defence and the Ministry of the Interior may grant ownership or use of the state owned service weapons and individual protection devices, irrespective of the type of ownership, to legal persons having the license to perform private detective activities and security activities. Managers of these legal persons are obligated to meet the requirements referred to in Article 10, Paragraph 2.

Military personnel and heads of law enforcement authorities, Information and Security Agency of the Republic of Moldova and State Security Agency with at least 20 years of service and attested assistants to in public prosecution bodies with at least 20 years of service shall have the right to retain their service weapons upon retirement and with the consent of the authority head, with the obligation to comply with the requirements set out in Article 30.

[Article 23, Para. 2 was amended by the law No. 754-XIV of 23/12/1999]

[Article 23, Para. 2 was amended the Law reading No. 98-XIV of 22/07/1998]

## **Article 24**

### **Acquisition of Individual Weapons**

Physical and legal persons having the right to own a weapon, provided for by Articles 8 and 9, shall acquire the weapons and ammunition based on permits and in the manner provided for

by the subject law and normative acts of the Ministry of the Interior.

Physical and legal persons shall have equal rights when buying weapons and ammunition, if not provided for otherwise in the Government's normative acts.

## **Article 25**

### **Alienation of Weapons Belonging to Physical Persons Based on the Right of Private Ownership**

A physical person may give or grant ownership of a weapon through exchange only to the person possessing the permit for purchasing the weapon issued by the police authority.

In the event of alienation of weapons and ammunition the physical person is obligated to notify in writing the police authority maintaining records of the said weapon within three days that the weapon has been alienated, as well as to give particulars of the new owner. The new owner is obligated to comply with the requirements set out in Article 30.

## **Article 26**

### **Issuing permits to acquire weapons to physical persons**

Physical persons wishing to purchase a weapon to be privately owned by them, shall apply to the police authorities in their place of residence. The police authorities shall make the decision on issuing the permit for acquiring the weapon and ammunition therefore within two months.

Permits shall not be issued (and the issued permits shall be revoked) to persons:

- a) who have a mental illness and are in the records of health care institutions;
- b) who have systematically broken public order, abused alcoholic drinks or used narcotic (toxic) substances for non-medical purposes;
- c) whose previous sentences have not been overturned in accordance with the legislation;
- d) who have committed serious premeditated crimes with the use of firearms, explosives or toxic substances;

[items c) and d) in reading of the Law no. 134\*XV of 20/03/2003]

- e) sentenced to prison sentences, including suspended, with forced labour, for committing premeditated crimes;

- f) persons released on parole from the correctional institution where he/she served a sentence with forced labour;
- g) persons administratively punished due to poaching or some other illegal use of weapons;
- h) persons who previously acquired a weapon but lost it due to their own fault.
- i) the citizens of Moldova with permanent residence abroad, unless otherwise provided for by international agreements.

Local police authorities shall make operational records of weapons and ammunition therefore, which are purchased to be privately owned. The information firearm acquisition shall be delivered within 24 h to the Ministry of the Interior, for the purposes of entering them into the State Weapons Register.

## **Article 27**

### **Issuing Permits to Acquire Weapons to Legal Persons**

Legal persons wishing to purchase weapons as provided for in Article 9, or who want to grant ownership or use thereof, shall apply to the law enforcement authority, which shall make the decision on issuing the permit for acquiring a weapon within two weeks.

## **Article 28**

### **Rights and Obligations of Weapon Owners**

Weapon owners shall have the right to:

- a) use the weapon in accordance with Articles 37 and 38;
- b) obtain compensation for the value of the weapon in the event of seizure with compensation or in the event of voluntary handing over of the weapon;

Weapon owners are obligated to:

- a) register and re-register the weapon;
- b) comply with the manner of transport of weapons and ammunition as determined;
- c) ensure preserved condition of weapons and ammunition in accordance with the positive regulations and normative acts of the Ministry of the Interior;
- d) allow free access to the police representatives to the territory of the facility inspected and to the locations where weapon are stored, as well as to present all the required documentation.

## **Article 29**

### **Rights and Obligations of Weapon Owners and Users**

Owners and users of weapons shall have the right to:

- a) hold and carry weapon in compliance with the requirements under which the weapon was obtained;
- b) use the weapon only in the cases and in the manner prescribed by positive regulations.

Owners and users of weapons are obligated to:

- a) use the weapon only in compliance with the requirements under which the weapon was obtained;
- b) ensure maintaining the weapon and ammunition in preserved condition in compliance with positive laws and normative acts of the Ministry of the Interior.

## **Section V**

### **Holding, Carrying and Transport of Weapons its Use and Application**

## **Article 30**

### **Issuing Permit for Holding and Carrying Weapons**

The owner, possessor or user of weapons is obligated to apply for registration to local police authority and for the permit giving him the right hold and carry the weapon within five days from purchasing or obtaining the weapon, having previously fulfilled the necessary requirements, When obtaining the permit granting him the right to hold and carry the weapon, the owner, possessor or user of the weapon shall sign a written commitment to comply with the provisions of the subject law and regulations on using the weapon.

## **Article 31**

### **Holding the Weapon**

The physical and legal person which have acquired ownership of the weapon and ammunition therefore, or which were granted possession or use of the weapon, are obligated to preserve it

in good condition and to ensure and not to allow the weapon to be handed over to other physical and legal persons.

## **Article 32**

### **Carrying the weapon**

Owner, possessor or user, while they are carrying the weapon, are obligated to have on their person the due permit issued by the local police authority. Giving the weapon to other persons is forbidden.

## **Article 33**

### **Transport of weapons**

Physical and legal persons shall transport the weapons and ammunition therefore based on the permit issued by the local police authority.

## **Article 34**

### **Use of weapons**

Owners, possessors and users of service, hunting, sporting, training, award and collection weapons, as well as self-defence weapons, are obligated to use them in compliance with the intended use of the concrete type of weapon. Those owners of firearms who are not members of the Hunting and Fishing Association of Moldova must not be present with the weapons (except the weapon for self-defence with short barrels) on hunting grounds (regardless of purpose and time).

[Article 34 was amended by law No. 563-XV of 19/10/2001]

## **Article 35**

### **Engaging the owner of the weapon for the purposes of protecting the legal order**

Physical persons possessing privately owned weapons may be engaged by the law

enforcement authorities to assist in protecting the social order and securing the property of citizens on voluntary basis. In such cases weapons shall be used in compliance with the Law on Police.

## **Article 36**

### **Conditions for and limits to the use of firearms and self-defence weapons**

Owners, possessors and users of firearms and self-defence weapons shall have the right to use the weapon in the cases and in the manner provided for by this law.

Controlling shot shall be considered as using the firearm.

The warning on the intention to use the firearm, with sufficient time left for response to the warning must precede the using of the firearm, except in the case when the delay in using the weapon represents direct threat to life and health of the owner, possessor or user of the weapon or other persons, or if such delay can lead to other serious consequences.

The firearm must not be used against women, minors, the elderly and the people with visible physical handicap, except if such people are attackers using weapons, when they resist with the use of weapons or if they attack in a group, whereby the life and health of the owner, possessor or user of the weapon, or property they possess or guard, is threatened, and if such actions cannot be prevented with other means and in another manner.

In all cases the when the use of weapons cannot be avoided, the owners, possessors, and users must endeavour to make as little damage as possible to the health, honour, dignity and property of the persons, and to help when medical assistance is provided to the injured.

In the event of a sudden attack, the weapon may be used without warning.

Exceeding the powers related to the use of weapon shall result in liability in accordance with the law.

## **Article 37**

### **Use of firearms**

Persons having the permit to hold and carry the weapon may use the weapon as a last resort in the following cases:

- a) For self-defence and for protection of persons from attack that poses a real threat to life and health, as well as for the prevention of seizure of firearms through the use of force.
- b) In order to repel a group or armed attack on facilities and premises guarded, which belong to physical and legal persons;
- c) In order to ward off breaking into residential and business facilities which threatens the life and health of persons present on these premises;
- d) In order to arrest a person who offers armed resistance, or who was caught to perform a serious criminal offence and who attempts to leave the scene of the crime.

Owners, possessors, and users may also use firearms for raising alarm or calling for help, as well as for rendering harmless the animal which threatens the life and health of persons.

## **Article 38**

### **Use of Weapons in Self-defence**

Self-defence weapons shall be used as the last resorts for repelling an attack on the owner, possessor, and user or other persons.

## **Article 39**

### **Procedures Following the Use of Weapon**

In the case of injury or death of a citizen as a consequence of using the fire weapon or self-defence weapon, the person who used the weapon is obligated to:

- a) provide for the first aid to the injured person, as well as the transport of the injured person to the health care institution;
- b) inform the nearest police authority about the incident;
- c) ensure the scene cannot be accessed and organize the security for the scene until law enforcement representatives arrive, and to inform them about the incident upon their arrival;
- d) to preserve the weapon in the condition in which it was after the use.

## **Section VI**

### **Liability for the Breach of Weapons Control Regulations**

## **Article 40**

### **Protection and Limitation of the Rights of Manufacturers, Traders, Owners, Possessors, and Users of Weapons**

The rights of manufacturers, traders, owners, possessors and users of weapons shall be protected in accordance with the Constitution and positive regulations.

The rights of manufacturers, traders, owners, possessors and users of weapons can be limited only in the cases provided for by the law.

Disputes arising from infringement upon the rights of manufacturers, traders, owners, possessors and users of weapons shall be resolved through judicial proceedings.

## **Article 41**

### **Liability for the Breach of Weapons Control Regulations**

(1) In the event of the breach of regulations on the method of manufacturing, trade, holding, carrying, transport, use and application of weapons, officials and citizens shall be administratively and criminally liable in compliance with the established procedure.

(2) Law enforcement officers, who are responsible for the incompetent weapons control, or who have overstepped their authority shall bear disciplinary and criminal liability.

## **Article 42**

### **Confiscation of Weapons from Physical Persons and Selling of the Weapons**

Weapons and ammunition belonging to physical persons on the basis of private ownership rights shall be confiscated by police authorities upon the revocation of the permit granting the right to hold and carry a weapon in the cases provided for in:

Article 26, para. 2, Item a) – forthwith and without compensation;

Article 26, para. 2, Items b), e) and g) – forthwith and without compensation;

Physical persons referred to in Article 26, para. 2, items d), l) and h), after revoking the permit

granting them the right to hold and carry a weapon shall be given two weeks to sell the weapon in the manner prescribed by Article 5. After the above period has elapsed, the weapons and ammunition shall be confiscated without the compensation.

Weapons confiscated from physical persons referred to in Article 26, para. 2, item c) shall be kept by the police authorities until the court brings a judgement in the case, after which the police authorities shall pass the decision on its sale.

The confiscated weapons shall be sold only in specialised commission stores.

[Para 4 amended by the law no. No. 563-XV of 19/10/2001]

### **Article 43**

#### **Confiscation of Weapons from Legal Persons and Selling of Such Weapons**

Confiscation of weapons and ammunition therefore from legal persons, as well as the selling of the same on commission, shall be carried out by police authorities after the revocation of the permit granting them the right to hold and carry the weapons in the cases prescribed by this law.

The permit granting the right to hold and carry a weapon shall be revoked by the issuing authority, or the Ministry of the Interior in case of the breach of the following rules:

When the right of ownership, possessing and using of weapon have been terminated as provided for in Article 11, para. 1, items a), b) and c), the legal person shall be given two weeks to obtain the permit to hold and carry weapons, to sell the weapon in accordance with Articles 25 and 42, or return the weapon to its owner.

When such period of time has elapsed, the weapon is seized without compensation and sold in the specialised store, while the weapon owned by the state is handed over to the Ministry of the Interior.

[para 4. amended by the Law no. 563-XV of 19/10/2001]

If the legal person does not use the weapon as applied, the weapon shall be seized forthwith and without compensation.

## **Final Provisions**

### **Article 44**

#### **Procedure for Importing and Exporting Weapons**

The Procedure for importing the weapon into the Republic of Moldavia and for exporting from shall be defined by inter-government agreements.

### **Article 45**

#### **Supervision over Compliance with the Law on Individual Weapon Control**

The compliance with the law on individual weapon control shall be supervised by the Public Prosecutor of the Republic of Moldova and subordinate prosecutors.

### **Article 46**

#### **International Agreements**

If international agreements of the Republic of Moldova provide for the rules different from those appearing in the weapons related regulations, the rules from the international agreements shall apply.

## **Law on Amending Article 26 of the Law on Weapons**

110-XIII dated 18 May 1994, No. 134-XV of 20/03/2003, Monitorul Oficial al R. Moldova no. 70-72 of 15/04/2003

## **Law on Amending Article 26 of the Law on Weapons**

The Parliament has adopted the following organic law

Article 26, Paragraph (2) items c) and d) of the Law on Weapons no.110-XIII dated 18 May 1994 (Official Journal of the Republic of Moldova, 1994, no. 4, Art. 43), as amended, should read as follows:

“c) Where the previous sentences have not been overturned in accordance with the legislation;  
d) Who have committed serious premeditated crimes with the use of firearms, explosives or toxic substances;”.

SPEAKER of the  
PARLIAMENT  
Eugenija OSTAPCUK

Kishinjov, 20 March 2003  
No.134-XV.

# **MOLDOVA**

## **Decision on Classification of Certain Weapon Models as Individual Weapons**

## **Decision on Classification of Certain Weapon Models as Individual Weapons**

Date of last amendment- 14/05/2003

In accordance with item 10 of the provision on the manner of keeping of the State weapons inventory and State Weapons register, adopted by the Republic of Moldova Government Decision no. 44 of 18 January 1995, the Republic of Moldova Government has decided:

1. To adopt the Schedule of individual weapon and ammunition models adopted by the Department for standards, metrology and technical supervision, to be entered into the State Weapons Inventory (enclosed in the appendix).
2. To prohibit the trade on the territory of the Republic of Moldova of individual weapon and ammunition models not contained in the State Weapons Inventory, including the weapons not recorded with the appropriate authorities of the Ministry of the Interior, Ministry of Defence, Information and Security Agency of the Republic of Moldova.

[Sub-paragraph 2 amend. Gov. Dec. no.1269 of 20/12/2000]

3. To permit to the physical and legal persons the carrying and the use of certain individual weapon models not contained in the State Weapons Inventory, and which has been acquired in the manner determined prior to the adoption of this Decision, as well as the collector weapons on the basis of the decision issued by the Ministry of the interior and harmonised with the Department for standards, metrology and technical supervision.
4. Until the State weapons Inventory is published, this schedule shall be deemed to be an official publication replacing the said inventory.

PRIME MINISTER of the  
REPUBLIC OF MOLDOVA  
Jon CUBUK

Kishinjoiv, 19 December 1997  
No. 1173.

# **MOLDOVA**

**Schedule on Individual Weapon and Ammunition Models  
to be Entered into the State Weapons Inventory**

Adopted by the Republic of Moldova Government Decision. No. 1173, of 19 December 1997

## Schedule on Individual Weapon and Ammunition Models to be Entered into the State Weapons Inventory

# **MOLDOVA**

## **Law on Amending the Law on Control of Individual Weapons**

no. 110-XIII of 18 May 1994, no. 563-XV of 19 October 2001 (Monitorul Oficial no. 144-146 of 29 November 2001). The Parliament has adopted this organic law.

## **Law on Amending the Law on Control of Individual Weapons**

### **Article 1**

The Law on the Control of Individual Weapons no. 110-XIII of 18 May 1994 (Official Journal of the Republic of Moldova, 1994, no. 4, Art. 43), as amended, shall be amended as follows:

1. The title of the law shall read: «the Law on Weapons».
2. Article 17, item f) the word “state” shall be deleted, and after the word «with it» shall be added the following words «, as well as sporting and hunting bullets for sporting and hunting weapons with smooth-bore barrels ».
3. In Article 19:  
Paragraph (3) shall be supplemented with the following words “, and the Hunting and Fishing Association of Moldova, on the basis of the Ministry of the interior Decision shall have the right to produce such bullets for sale in accordance with the current regulations.”

The Article shall be supplemented with the new paragraph (4) with the following content:

“(4) The Hunting and Fishing Association of Moldova shall have the right, at their own expense, to produce and sell cartridges for the weapons with rifled barrels of different calibre, on the basis of the Ministry of the Interior Decision.”;

Paragraphs (4) and (5) shall be deemed paragraphs (5) and (6).

4. Article 21 shall read as follows:

“Article 21 Arms trade

Trade in individual defence firearms (except hunting, which has its own functional and structural characteristics) special devices, service, training and sporting weapons (with rifled barrels and short barrels), as well as in ammunition for such arms, shall be conducted by state specialized stores on the basis of the licence and permit issued by the Ministry of the Interior.

Trade, including commission trade, in sporting and hunting (with smooth-bore barrels, with rifled barrels and combined) firearms, spare parts and cartridges, as well as cartridge making components, shall be conducted by specialised stores on the basis of the licence and permit issued by the Ministry of the interior.”.

5. In Article 22:

The title of the article shall be supplemented with the words «and ammunition (for such arms)»;

Sub-Paragraph (1) and Sub-Paragraph (2) of the first paragraph after the words «Seller of arms» shall be supplemented with words «and ammunition (with such arms)».

6. Article 34 shall be supplemented with the sentence «The presence (regardless of the target and time) on hunting grounds u of the owner of a firearm (except the defence firearms with short barrels), who carries such arm on his/her person, but is not a member of the Hunting and Fishing Association of Moldova, shall be prohibited ».

7. The word «state» shall be deleted from Article 42 Paragraph (4), and Article 43 Paragraph (4).

## **Article 2**

The Government shall harmonise its normative acts with this law within one month.

PARLIAMENT SPEAKER

Eugenija OSTAPCUK

# **MOLDOVA**

**Decision on Entry Into Force of the Law on the  
Control of Individual Weapons**

Republic of Moldova , Parliament Decision ,on entry into force of the Law on the Control of Individual Weapons,No.111-XIII of 18/05/94, Monitorul Oficial al R. Moldova no. 4 of 08/09/1994

## **Decision on Entry Into Force of the Law on the Control of Individual Weapons**

The Parliament of the Republic of Moldova has adopted this decision

### **Article 1**

The Law on the Control of individual Weapons, except Article 8, Paragraph (2), item d) shall come into force on the date of its publication. Article 8, Paragraph (2) item d) shall come into force by a special Parliament Decision.

### **Article 2**

The Government shall, within two months:

- Submit to the Parliament for debate the proposal for the harmonisation of this statutory regulation with the said law;
- harmonise its normative acts with this law;
- adopt provisions on the State Weapons Inventory and the State Weapons Register, as well as the regulations related to the production ,sale, acquisition, holding, carrying and application of individual weapons.

### **Article 3**

Physical persons, owning weapons whose registration is permitted, are obligated to legalise the ownership rights to the weapons within one month in accordance with Article 26 of this Law, if these physical persons acquired ownership prior to the passing of this law.

SPEAKER of the PARLIAMENT

Petru LUCINSKI

Kishiniov, 18 May 1994

No. 111-XII

**Law on the Ratification of the European Convention  
on the Control of the Acquisition and Possession  
of Firearms by Individuals**

No. 1578-XV of 20/12/2002, Monitorul Oficial al R. Moldova no. 190-197 of 31/12/2002  
The Parliament has adopted this organic law

## **Law on the Ratification of the European Convention on the Control of the Acquisition and Possession of Firearms by Individuals**

### **Article 1**

The European Convention on the control of the acquisition and possession of firearms by individuals, adopted in Strasbourg on 28 June 1978, and which the Republic of Moldova signed on 3 November 1998, shall be ratified with the following clause, formulated pursuant to Article 14 of the Convention:

“Until the establishment of the full territorial integrity of the Republic of Moldova, the convention provisions shall be implemented only on the territory controlled by the Republic of Moldova authorities.»

### **Article 2**

In accordance with Articles 9 and 11 of the Convention, the competent body shall be the Ministry of the Interior.

### **Article 3**

The Ministry of Foreign Affairs shall notify the Convention Depository on its ratification and submit to him the ratification documents, as well as to submit the text of the Convention for the purposes of its publication in the Official Journal of the Republic of Moldova, in accordance with the Law on the Republic of Moldova International Treaties.
