SEESAC'S GUIDELINES FOR GENDER ANALYSIS ARE NOW AVAILABLE IN SPANISH AND FRENCH

SEESAC has just released the Guidelines for Gender Analysis of SALW Control Legislation and Policies in Spanish and French.

The Guidelines facilitate the implementation of gender analysis in the small arms context by providing step-by-step guidance for a thorough review of relevant legislative and policy frameworks. Grounded in a large-scale exercise conducted in the Western Balkans, this document consolidates the key methodological lessons learned in carrying out such analysis and shares good practices beyond the Western Balkans.

The publication provides detailed instructions for gender analysis, including setting the goal and defining the scope of such analysis - both in terms of identifying key gendered concerns for the analysis and legal and policy acts to be analysed. In addition, the Guidelines contain a comprehensive list of questions for carrying out the gender analysis and provide guidance for formulating conclusions and recommendations.

In doing so, this document increases gender responsiveness of relevant legislations and policies through the comprehensive and systematic use of gender analysis and improves knowledge of the impact of legislative and policy frameworks on women, men, girls, and boys. Finally, they raise awareness of the necessity of gender analysis for any effective small arms control.

The Guidelines were produced with the financial assistance of the European Union, through the EU Council Decision (CFSP) 2018/1788 in support of SEESAC for the implementation of the Regional Roadmap on combating illicit arms trafficking in the Western Balkans.

Cookies on our web page

What is Cookie?

A cookie is a small piece of data sent from a website and stored in a user's web browser while a user is browsing a website. When the user browses the same website in the future, the data stored in the cookie can be retrieved by the website to notify the website of the user's previous activity

How do we use cookies?

A visit to a this page could generate the following types of cookie.

Strictly necessary cookies

These cookies are essential in order to enable you to move around the website and use its features, such as accessing secure areas of the website. Without these cookies services you have asked for, like shopping baskets or e-billing, cannot be provided.

2. Performance cookies

These cookies collect information about how visitors use a website, for instance which pages visitors go to most often, and if they get error messages from web pages. These cookies don't collect information that identifies a visitor. All information these cookies collect is aggregated and therefore anonymous. It is only used to improve how a website works.

3. Functionality cookies

These cookies allow the website to remember choices you make (such as your user name, language or the region you are in) and provide enhanced, more personal features. For instance, a website may be able to provide you with local weather reports or traffic news by storing in a cookie the region in which you are currently located. These cookies can also be used to remember changes you have made to text size, fonts and other parts of web pages that you can customise. They may also be used to provide services you have asked for such as watching a video or commenting on a blog. The information these cookies collect may be anonymised and they cannot track your browsing activity on other websites.

4. Targeting and advertising cookies

These cookies are used to deliver adverts more relevant to you and your interests They are also used to limit the number of times you see an advertisement as well as help measure the effectiveness of the advertising campaign. They are usually placed by advertising networks with the website operator's permission. They remember that you have visited a website and this information is shared with other organisations such as advertisers. Quite often targeting or advertising cookies will be linked to site functionality provided by the other organisation.

Cookie management

Cookies can be managed via the web browser settings. Please, see you browser help how to manage cookies.

On this site you can always turn cookies on/off on menu item "Cookie Management".
