### Advisory Meeting on Harmonization of the Legal Framework on Arms Control with the EU Acquis organized in North Macedonia

UNDP SEESAC continued its support to activities of harmonization of North Macedonia's legal framework on SALW control with the EU Acquis. The advisory meeting with the Ministry of Interior, representatives of other relevant authorities and representatives of legal entities dealing with legal weapons such shooting association, hunting association, dealers and private security services, was organized on 9 July. During the meeting, participants and SEESAC experts discussed and reviewed the EU regulatory framework in the field of Weapons for civil use and the tables of concordances on the Law on Weapons, which is currently in place providing clear recommendations for necessary changes.

Advisory meeting on legal harmonization was organized in the context of the EU Council Decision (CFSP) 2018/1788 in support of the implementation of the Regional Roadmap on combating illicit arms trafficking in the Western Balkans. It directly contributes to achieving Goal 1 of the Roadmap on ensuring that arms control legislation is in place, fully harmonized with the EU regulatory framework and other related international obligations, and standardized across the region by 2023.

### Cookies on our web page

#### What is Cookie?

A cookie is a small piece of data sent from a website and stored in a user's web browser while a user is browsing a website. When the user browses the same website in the future, the data stored in the cookie can be retrieved by the website to notify the website of the user's previous activity

#### How do we use cookies?

A visit to a this page could generate the following types of cookie.

#### Strictly necessary cookies

These cookies are essential in order to enable you to move around the website and use its features, such as accessing secure areas of the website. Without these cookies services you have asked for, like shopping baskets or e-billing, cannot be provided.

#### 2. Performance cookies

These cookies collect information about how visitors use a website, for instance which pages visitors go to most often, and if they get error messages from web pages. These cookies don't collect information that identifies a visitor. All information these cookies collect is aggregated and therefore anonymous. It is only used to improve how a website works.

### 3. Functionality cookies

These cookies allow the website to remember choices you make (such as your user name, language or the region you are in) and provide enhanced, more personal features. For instance, a website may be able to provide you with local weather reports or traffic news by storing in a cookie the region in which you are currently located. These cookies can also be used to remember changes you have made to text size, fonts and other parts of web pages that you can customise. They may also be used to provide services you have asked for such as watching a video or commenting on a blog. The information these cookies collect may be anonymised and they cannot track your browsing activity on other websites.

### 4. Targeting and advertising cookies

These cookies are used to deliver adverts more relevant to you and your interests. They are also used to limit the number of times you see an advertisement as well as help measure the effectiveness of the advertising campaign. They are usually placed by advertising networks with the website operator's permission. They remember that you have visited a website and this information is shared with other organisations such as advertisers. Quite often targeting or advertising cookies will be linked to site functionality provided by the other organisation.

### Cookie management

Cookies can be managed via the web browser settings. Please, see your browser help how to manage cookies.

On this site you can always turn cookies on/off on menu item "Cookie Management".
