The South Eastern and Eastern Europe Clearinghouse for the Control of Small Arms and Light Weapons (SEESAC) is a joint initiative of the UNDP and the Regional Cooperation Council. As such, it is an integral part of UNDP’s work in the Europe and the Commonwealth of Independent States (ECIS) region and has, since 2002, worked primarily to strengthen the capacities of national and regional stakeholders to control and reduce the proliferation and misuse of small arms and light weapons, and thus contribute to enhanced stability, security and development in South Eastern and Eastern Europe. SEESAC also has a distinguished record working closely with national Ministries to mainstream gender equality and this aspect will remain central to the programme.

Going forward, SEESAC will maintain its long-standing work in South-Eastern Europe the small arms and light weapons and gender equality in security sector reform fields, under the framework of the RCC. The programme will continue and, where possible, scale up the innovative work it has pioneered in fostering confidence between rule of law providers within southeast Europe, as well as in the fields of innovation, security and technology. In addition, SEESAC will increasingly focus on sharing the capacity it has developed over the years through line ministries and UNDP offices in order to address community and other security needs beyond the sub-region and provide guidance on introducing gender equality into the security sector.

The overall objective of the project is to contribute to international peace and security by combatting the threat posed by the widespread accumulation and illicit trafficking in small arms and light weapons and their ammunition in and from SEE. At the same time, it enhances regional stability by working within the framework of the RCC and in partnership with other relevant initiatives. The project is directly contributing to the implementation of the EU Security Strategy, the EU SALW Strategy, EU Strategy Against Illicit Firearms, Small Arms & Light Weapons & Their Ammunition, the Arms Trade Treaty, the UN Programme of Action, the International Tracing Instrument, UN Firearms Protocol, UN Security Council Resolution 1325 and will specifically enhance regional cooperation in combating the threat posed by the spread of SALW and their ammunition. Specifically, the project is contributing to the implementation of the South East Europe Regional Implementation Plan Combatting the Proliferations and Impact of Small Arms and Light Weapons and the Roadmap for a sustainable solution to the illegal possession, misuse and trafficking of Small Arms and Light Weapons (SALW) and their ammunition in the Western Balkans by 2024. The project results are also directly contributing to the implementation of the Sustainable Development Goal 16 on peaceful and just societies, in particular targets 16.1 (Significantly reduce all forms of violence and death rate everywhere) and 16.4 (significantly reduce illicit arms flows).

SEESAC is currently implementing the Council Decision 2016/2356 in support of SEESAC disarmament and arms control activities in South-East Europe in the framework of the EU Strategy to combat illicit accumulation and trafficking of SALW and their ammunition, and amended by EU Council Decision 2019/2113; the Council Decision 2018/1788 in support of the implementation of the Regional Roadmap on combating illicit arms trafficking in the Western Balkans; and the Council Decision 2019/2111 in support of SEESAC disarmament and arms control activities in South-East Europe in reducing the threat of illicit small arms and light weapons and their ammunition.
